

CITY OF MADISON
AGENDA AND NOTICE OF MEETING

Regular Meeting of the City Council – 5:00 PM
Monday March 23, 2026
Madison Municipal Building

1. CALL THE REGULAR MEETING TO ORDER

Mayor Meyer will call the meeting to order.

2. APPROVE AGENDA

Approve the agenda as posted in accordance with the Open Meetings law, and herein place all agenda items on the table for discussion. A MOTION is in order. (Council)

3. APPROVE MINUTES

Page 1

A copy of the March 9, 2026 regular meeting minutes are enclosed. A MOTION is in order. (Council)

4. PUBLIC PETITIONS, REQUESTS, HEARINGS, AND COMMUNICATIONS (public/mayor/council)

Members of the audience wishing to address the Council with regard to an agenda item, presentation of a petition, utility customer hearing, or a general communication should be recognized at this time. A MOTION may be in order (Public/Council)

5. CONSENT AGENDA

- | | |
|--|---------|
| A. Senator Dahms Newsletters – march 2026 – receive | Page 3 |
| B. LqP County Hazzard Mitigation Planning – Meeting #1 – receive | Page 10 |

7. MANAGER REPORT (Manager)

- Legislative Action Day – March 25th

8. MAYOR/COUNCIL REPORTS (Mayor/Council)

- LMC Annual Conference June 24-26 – Rochester
- Park Board

9. AUDITING CLAIM

Page 42

A copy of the Expense Approval Report is submitted for March 9, 2026 through March 23, 2026 and is attached. A MOTION is in order.

10. ADJOURNMENT

**CITY OF MADISON
OFFICIAL PROCEEDINGS**

**MINUTES OF THE MADISON CITY COUNCIL
REGULAR MEETING
MARCH 9, 2026**

Pursuant to due call and notice thereof, a regular meeting of the Madison City Council was called to order by Mayor Maynard Meyer on Monday, March 9, at 5:00 p.m. in Council Chambers at City Hall. Councilmembers present were: Mayor Maynard Meyer, Paul Zahrbock, Julie Stahl, and Tim Volk. Also present were City Manager Val Halvorson, City Attorney Rick Stulz and City Clerk Christine Enderson. Councilmember Adam Conroy was absent.

AGENDA

Upon motion by Zahrbock, seconded by Volk and carried, the agenda was approved as presented. Agenda items are hereby placed on the table for discussion.

MINUTES

Upon motion by Volk, seconded by Stahl and carried, the February 23, 2026, regular meeting minutes were approved as presented.

PUBLIC PETITIONS, REQUESTS, HEARINGS AND COMMUNICATIONS

A member of the public was present, but he was interested in hearing the discussion on the demolition of 722 6th Street.

CONSENT AGENDA

Upon motion by Zahrbock, seconded by Meyer and carried, the Consent Agenda was approved as presented.

STREETS DEPARTMENT – PURCHASE EQUIPMENT – STREET SWEEPER

Upon motion by Zahrbock, seconded by Stahl and carried, Council approved the purchase of a 2015 Elgin Pelican street sweeper in the amount of \$125,561. The purchase is included in the 2026 budget and it will replace a 2003 model for which replacement parts are becoming less available. Once the new unit is received, the existing street sweeper will be listed for sale on the League of MN Cities Marketplace.

DEMOLITION PROPOSAL – 722 6TH STREET

Upon motion by Meyer, seconded by Volk and carried, Council approved the demolition proposal from M.A.A.C. for the property of 722 6th Street in the amount of \$44,650. The scope of work includes asbestos abatement, house cleanout, and demolition of the structure. Of the total cost, \$15,000 will be covered by the homeowner and Lac qui Parle County, with the remaining balance to be paid by the City. The City has submitted a request to the County to cover 50% of the asbestos abatement cost. While a response has not yet been received, the City plans to proceed with the demolition.

PUBLIC WORKS COORDINATOR - APPOINTMENT

Upon motion by Zahrbock, seconded by Stahl and carried, **RESOLUTION 26-14** titled “Resolution for the Appointment for Public Works Coordinator” was adopted. The resolution appoints the Electric Supervisor, David Johnson, as Public Works Coordinator as it falls within the existing Electric Supervisor position. Therefore, the appointment does not create a new classification and has no additional budgetary impact beyond existing compensation levels. A complete copy of Resolution 26-14 is contained in City Clerk’s Book #11.

LIQUOR LICENSE TRANSFER

Upon motion by Zahrbock, seconded by Volk and carried, Council approved the 2026 on-sale liquor license, Sunday license, and games of skill license for The Sticks Bar and Grill LLC, contingent upon the new owner passing a background check, and receipt of proof of ownership, liquor liability insurance, workers compensation insurance and payment of all applicable fees. The transition of new ownership of The Sticks Bar and Grill is expected to occur on March 31, 2026.

APPROVAL OF TOWNSHIP FIRE SERVICE CONTRACTS

Upon motion by Volk, seconded by Stahl and carried, council approved the township fire contracts at an increased rate of \$395 per section for 2026 and 2027, and \$420 per section in 2028. The term of the agreement runs from June 1, 2026 through May 31, 2029.

CITY MANAGER'S REPORT

Armory: The armory building is now on the public auction site.

Senator Visit: Senator Tina Smith visited Little Eagles Daycare last week to tour the facility and meet with local officials who were involved in getting it started and operating.

MAYOR/COUNCIL REPORTS

Chamber: The March meeting was held last week and topics discussed were the Easter Egg excitement, fundraising for a larger fireworks display this summer to celebrate the nation's 250th, an update on The Stick's new ownership, a new AirBnB offered in town, and the hiring of maintenance and event planner for the Prairie Arts Center.

EDA: The commission met last week and came up with an official name for the new development in the southwest part of town now called Fairway Pines. The EDA also met with the RDC on their regional plan. The EDA will review commercial improvement program requests next month.

722 6th Street Redevelopment: The property owner to the east of 722 6th Street was present and requested to be informed of any planning of redevelopment on the bare lot when it comes time.

DISBURSEMENTS

Upon motion by Volk, seconded by Zahrbock and carried, Council approved disbursements for bills submitted between February 24, 2026 and March 9, 2026. These disbursements include United Prairie Check Nos. 68725-68774. Debit card and ACH transactions were also approved as listed.

There being no further business, upon motion by Stahl, seconded by Zahrbock and carried, meeting adjourned at 5:35 pm.

Maynard Meyer - Mayor

ATTEST:

SENATOR DAHMS, REPUBLICANS FORCE FRAUD PROTECTIONS INTO RENTAL ASSISTANCE

On Wednesday, Senate Republicans criticized a Senate DFL proposal, [Senate File 3596](#), that would provide \$40 million to cover individuals' overdue rent and utility payments.

"Minnesotans from across the state are facing an affordability crisis because of the DFL's burdensome mandates, massive government spending, and excessive taxes," said Senator Gary Dahms (R – Redwood Falls). "We should be focusing on policies that put Minnesotans first and make their lives more affordable. Unfortunately, the Senate DFL once again favored the metro area over Greater Minnesota. For example, this rental assistance bill would direct about one-third of the funding to Hennepin County."

During the floor debate, Senate Republicans proposed amendments to strengthen the legislation. The Senate accepted key Republican amendments designed to prevent fraud, including setting aside 5% of the funds specifically for fraud detection and prevention.

Other Republican amendments added to support anti-fraud measures include:

- ★ Requiring applicants to document that they qualify for funding, rather than relying solely on the applicants' word.
- ★ Authorizing detailed reports every 30 days, including amounts spent and unspent.

"This proposal hands out \$40 million with almost no accountability. Every year, Minnesota loses taxpayer dollars to state programs due to a severe lack of proper oversight and accountability. Even with the accepted amendments, these funds are still susceptible to fraud," Senator Dahms concluded.

Senate Republicans also proposed a series of amendments to prioritize legal residents, address affordability, and protect public safety. The Senate DFL rejected the following amendments:

- ★ Restricting eligibility to U.S. citizens and people who are in the country legally.
- ★ Redirecting the bill's funds to provide direct property tax relief to homeowners and renters instead of funding a new bureaucratic program.
- ★ Blocking individuals on the predatory offender registry from receiving rent and utility assistance through this program.

FROM MY FACEBOOK PAGE

"Minnesota state government's favorite solution to every problem is a new, expensive mandate. We need to get realistic about the impact these requirements have on health care costs and the premiums Minnesotans are forced to pay."

WHAT ARE LEGISLATIVE COMMITTEE DEADLINES?

There is no yearly deadline for the introduction of bills. However, each year the legislature establishes deadlines for committee action on bills. Committee deadlines are announced during the first half of a session in order to narrow down the list of topics to be dealt with that year. The 2026 committee deadlines are listed below.

The first deadline (March 27) is for committees to act favorably on bills in the house of origin. In other words, all policy bills have to be through EITHER the Senate or the House by this date (they have to have had a hearing). If by the end of this day the bill has not had a hearing in the Senate or the House, the bill will no longer be able to be processed. Although in some instances a bill may be amended onto another bill.

The second deadline (also March 27) is for committees to act favorably on bills, or companions of bills, that met the first deadline in the other legislative body. All policy bills have to be through both the Senate and the House by this time. This also includes bills that went from one policy committee to another policy committee. They have to be through all the policy committees by this time.

The third deadline (April 17) is for committees to act favorably on major appropriation and finance bills. All budget bills have to be through their respective budget division by this time. *However*, the Senate committees on Finance, Rules, Taxes, and Capital Investment can meet and pass bills up to the last day of Session.

When a committee in either house acts favorably on a bill after a deadline established in the concurrent resolution, the bill must be referred in the Senate to the Committee on Rules and Administration and in the House of Representatives to the Committee on Rules and Legislative Administration for disposition.

The deadlines do not apply to the House committees on Capital Investment, Ways and Means, Finance, Taxes, or Rules and Legislative Administration, nor to the Senate committees on Capital Investment, Finance, Taxes, or Rules and Administration.

PUBLIC HEARING ON PROPOSED HEALTH EDUCATION STANDARDS

The Minnesota Department of Education (MDE) will hold virtual public hearings on the Proposed Permanent Rules Relating to Academic Standards in Health on April 13 and 14, 2026. The hearing on April 13 begins at 2:00 p.m. and ends at 6:00 p.m., or when the last person present has the opportunity to be heard, whichever comes first. The hearing on April 14 begins at 9:30 a.m. and ends at 4:00 p.m., or when the last person present has the opportunity to be heard, whichever comes first. Once adopted, the 2025 Academic Standards in Health are anticipated to be implemented in the 2028 – 2029 school year.

Click [here](#) for MDE's "K-12 Health Standards" webpage. Then click "**Updated Notice of Hearing on Proposed Health Education Standards**" to access the department's Notice of Hearing.

How to Join

To join the hearing on either day, use the following instructions. For video and audio, join the hearing through an internet connection:

- ★ Go to <https://minnesota.webex.com>
- ★ April 13 meeting information: 2487 060 4000
April 14 meeting information: 2493 434 7052
- ★ Password: health2026

For an audio-only connection, join the hearing by telephone:

- ★ Call 1-415-655-0003 or 1-855-282-6330 (Toll Free)
- ★ April 13 Access Code: 2487 060 4000 and Password: 43258420
- ★ April 14 Access Code: 2493 434 7052 and Password: 43258420

If you have any questions, please send them to [Adam Heuett](mailto:Adam.Heuett@state.mn.us) (Adam.Heuett@state.mn.us), MDE Deputy General Counsel.

PUBLIC INPUT REQUESTED ON FISHERIES MANAGEMENT PLANS FOR 197 LAKES

March is the month to connect with the Minnesota Department of Natural Resources' (DNR's) fisheries offices across the state. The agency is updating fisheries management plans for 197 lakes in 52 counties in 2026 and is inviting Minnesotans to reach out and share their input.

The DNR encourages people with thoughts on the future management of a lake with a scheduled plan update to call or email the area fisheries office for that water body before March 31. Area fisheries teams will consider the public's observations and comments as they develop updates for each management plan. A list of lakes scheduled for plan updates in 2026 is on the [Minnesota DNR website](#). Fisheries management plans for [Minnesota's 10 largest lakes](#) follow a similar but separate update process.

As people decide what input to share, they might want to consider:

- ★ "What kind of fishing experience am I looking for?"
- ★ "Are there fish habitat concerns I'd like to share?"
- ★ "What kinds of fish do I like to catch?"
- ★ "Do I like catching big fish or a lot of fish?"
- ★ "Do I have concerns about the fishery's draw or popularity among anglers or other social concerns?"

The DNR is also interested in comments from organizations or their representatives, including outdoors groups, conservation organizations, lake associations, and local units of government. Based on initial comments received and other considerations, area fisheries managers might request additional public feedback later in summer or fall before completing the update to a particular plan. The DNR will publicize opportunities for additional engagement regionally and post them on the [DNR website](#). The webpage also includes general information about why and how the DNR develops and uses fisheries management plans for Minnesota's 4,500 actively managed lakes.

MDA FARM TO FOOD SECURITY GRANT PROGRAM NOW ACCEPTING APPLICATIONS

The Minnesota Department of Agriculture (MDA) is now accepting applications for the Farm to Food Security Grant program. The purpose of the program is to purchase food grown and raised in Minnesota and distribute it for free to people facing food insecurity, especially those not served by traditional emergency food systems. There is considerable flexibility on what that might look like; MDA gives these examples of eligible projects:

- ★ A local food shelf buying food produced by farmers in their county and then distributing the food as part of their weekly distribution events.
- ★ A regional hospital establishing a "produce prescription" program to buy local foods and deliver them to families in need and individuals suffering from chronic illnesses.
- ★ A Tribal government buying traditional foods grown by Tribal members and distributing the foods to elders.
- ★ A farmers' market implementing a food recovery program to pay farmers for products left at the end of the market and partnering with a local food shelf to distribute them.

Applicants must be an individual, nonprofit organization, for-profit business, Tribal government, government entity, agricultural cooperative, economic development organization, or educational institution. The program's RFP notes "Individuals **cannot** be given direct funds or voucher systems (e.g., gift cards, coupons) to make individualized purchases." The bolding is in the RFP's text.

Applicants will be notified of award decisions in June or July 2026 and awardees will be publicly announced September 2026. Applications must be received no later than 4:00 p.m. on Tuesday, March 31, 2026. More information, including the link to apply, is available [here](#).

SENATOR DAHMS, SENATE REPUBLICANS ROLL OUT A PLAN FOR SAFE AND SMART KIDS

On Tuesday, Senate Republicans announced their “**Safe and Smart Kids**” education plan.

Through both policy changes and funding priorities, the bills focus on student safety, reinforcing academic performance in the classroom, and increasing school flexibility.

“Minnesota students deserve a high-quality education that helps them reach their full potential,” said Senator Gary Dahms (R – Redwood Falls). “Our ‘Safe and Smart Kids’ plan gives schools the flexibility to strengthen academics while keeping every student’s learning environment safe.”

Senate File 3361 allows school boards to temporarily waive certain state mandates (adopted after July 1, 2023) through the 2028–2029 school year, as long as decisions are made transparently with a recorded vote and public notice. This measure intends to help districts manage budgets and direct more funding to students.

Other proposals emphasize parental involvement and student achievement. To strengthen early literacy outcomes, **Senate File 3666** allows schools to retain third-grade students who have not yet met reading proficiency benchmarks, giving them more time to develop foundational skills. In addition, **Senate File 3878** enables Minnesota to participate in a new federal tax credit program designed to encourage private donations for student scholarships.

“Minnesota students deserve the support they need to succeed, and parents deserve transparency and a strong voice in their children’s education,” said Senator Dahms. “It is critical to give our schools the resources they need to

support students and keep families informed every step of the way.”

A second set of proposals focuses on improving safety for students and staff across Minnesota schools.

Senate File 3648 strengthens the state’s school safety infrastructure by doubling staffing at the Minnesota School Safety Center, which provides training and support for schools and School Resource Officers.

Lawmakers are also backing the Safe Haven in Every District (SHIELD) Act, **Senate File 637**, a bipartisan proposal that provides grants to schools to invest in critical security upgrades, such as electronic access systems, ballistic-resistant materials, mass notification systems, and safety training for staff.

Additional Senate Republican student safety proposals include:

- ★ Strengthening communication and accountability through parent notification requirements and whistleblower protections (**Senate File 557** and **Senate File 676**)
- ★ Modifying restrictions on student dismissals to give schools more flexibility in maintaining safe learning environments (**Senate File 4023**)

“Our goal is simple: safe schools and strong outcomes for every student. We can achieve this by supporting teachers, empowering parents, and protecting kids,” Senator Dahms concluded.

DHS FAILED TO PROTECT TAXPAYERS AND STOP FRAUD

On Tuesday, the Office of the Legislative Auditor (OLA) released a special review of the Department of Human Services' (DHS) work investigating the Early Intensive Developmental and Behavioral Intervention (EIDBI) Program for allegations of kickbacks. The report noted several findings, including the failure of the DHS Inspector General to pursue investigations into allegations of kickback schemes when the complaint was centered solely around kickbacks.

Key findings include:

- ★ Regardless of legislative changes in 2025, Minnesota Statutes have long authorized DHS to impose sanctions for kickbacks.
- ★ DHS's administrative rules have for decades contained an error in the definition of "fraud" that limits authority.
- ★ Until fraud is defined in administrative rule or applicable state law includes kickbacks, it is unclear if DHS has the legal authority to suspend payments to a MA provider while investigating credible allegations of kickbacks alone.
- ★ Three complaints of kickback allegations were closed without investigation because DHS claimed it lacked authority to investigate only kickback allegations. These cases were not flagged for future investigation or referred to another entity to investigate fraud in MA.
- ★ EIDBI Growth:
 - The number of providers more than tripled from 2020 to 2024.
 - The number of individuals receiving services more than tripled from 1,400 in 2020 to 5,600 in 2024.
 - The total cost of the EIDBI program has grown from \$38.1 million in 2020 to \$324.9 million in 2024. This represents a 753% increase in costs.

The full review can be read [here](#).

TRAFFIC VIOLATION SCAM TARGETS MINNESOTANS

The Minnesota Judicial Branch is alerting the public about a scam that is notifying Minnesotans they have an unpaid traffic violation and must either appear in court ASAP or pay a fine. These texts look like they are from Hennepin County District Court and even give the Minneapolis courthouse address.

DO NOT FALL FOR THIS SCAM! Neither the Minnesota Judicial Branch nor law enforcement will ever text or call you to demand money for a traffic fine. If you receive a text like this:

- ★ Do not click on any links.
- ★ Do not give out your credit card number or make any payment.
- ★ Do not share any personal information, such as your social security number.
- ★ Report the call to your local law enforcement agency.

If you have fallen victim to this scam, file a report with the [FBI's Internet Crime Complaint Center](#).

GOVERNOR WALZ UNVEILS HIS SUPPLEMENTAL BUDGET RECOMMENDATION

On Tuesday, Governor Tim Walz released his 2026 supplemental budget proposal. Legislators have concerns with the governor's proposal, especially his funding cuts to nursing homes and programs for people with disabilities.

The full proposal is available [here](#), and a one-page summary is available [here](#).

WANT TO KNOW THE STATUS OF A BILL?

You can find the status of any House or Senate bill by:

- ★ Visiting the Senate's website at www.senate.mn.
- ★ Clicking on [Bill search and status](#).
- ★ Choosing the legislative session you wish to search from the drop down menu.
- ★ Choosing to search by bill number, key words or phrases, authors, topic, committees, action, or statute citation.

Lac qui Parle County HMP Planning Team Meeting #1

3/10/26 Meeting Summary & Documentation

Synopsis: On March 10, 2026 Lac qui Parle County Emergency Management convened key county, city, and township representatives, as well as neighboring jurisdictions and other stakeholders to participate in the 1st Planning Team Meeting for the update of the Lac qui Parle County Hazard Mitigation Plan (HMP). The meeting was held via Zoom webinar video conference and was facilitated by Stacey Stark and Bonnie Hundrieser of the U-Spatial@UMD project team.

The purpose of the meeting was to present on the update of the Lac qui Parle County HMP update and gather stakeholder feedback on several key discussion items, including:

- 1) Prioritization of the natural hazards to be profiled in the plan,
- 2) Identification of local vulnerabilities (i.e., infrastructure and populations),
- 3) Ideas for local mitigation actions for implementation, and
- 4) Review of FEMA Hazard Mitigation Assistance grant funding opportunities.

Stakeholder Invitations: Lac qui Parle County Emergency Management invited all stakeholders included on the county's HMP Update Jurisdictional Contact List, which includes the key County Contacts, City Contacts, Township Contacts, Other Stakeholder Contacts, and Neighboring Jurisdiction Contacts identified to be invited to participate in the plan update process. Stakeholders were encouraged to engage additional staff or to send someone in their stead if they could not attend.

Presentation Overview: The Power Point presentation covered the following items:

- Welcome & Introductions
- Meeting Purpose & Agenda
- Overview of HMP Key Points
- Overview of Plan Content (Hazard Identification, Risk Assessment, Vulnerability Analysis, Update of Hazard Prioritization)
- Overview of Mitigation Actions and FEMA Grants
- Overview of Mitigation Strategies for the development of mitigation actions
- Discussion of ideas for local mitigation ideas
- Overview of Next Steps following Planning Team Meeting #1

Documentation:

The following meeting summary includes documentation of the jurisdictional and other related stakeholders that participated in the meeting, poll results, list of updated prioritization of hazards, other meeting discussion, and information on the FEMA Hazard Mitigation Assistance Grant Program.

A copy of the meeting invitation and a handout of the Power Point presentation slides accompany this meeting summary.

Meeting Participants (37)

Following is a list of representatives that participated in Planning Team Meeting #1. These individuals will be noted as part the formal planning team recorded in the Lac qui Parle County HMP Update.

Name	Agency/Organization	Participant Title
Blain Johnson	LQP County Emergency Management	Emergency Management Director
Jason Cline	LQP County Emergency Management	Preparedness Planner
Allen Anderson	LQP County Sheriff's Office	Sheriff
Josh Beninga	LQP County Veterans Services	Veterans Service Officer
Lyndon Worden	LQP County Facilities Management	Facilities Director
Jacob Sieg	LQP County Administration	County Administrator
Mike Cleveland	LQP County Highway Department	Maintenance Supervisor
Jim Schake	City of Bellingham Fire Department	Fire Chief
J.T. Schacherer	City of Dawson	Mayor
Valerie Halvorson	City of Madison	City Manager
Jerod Zimbelman	City of Madison Fire Department	Fire Chief
Troy Hoyles	City of Marietta	Mayor
Greg Brown	Camp Release Township	Supervisor
Randy Meyer	Manfred township	Clerk
Richard Maatz	Walter Township	Clerk
Karla Perkins	Maxwell Township	Clerk-Treasurer
Clair Anderson	Perry Township	Treasurer
Paul Breberg	Providence Township	Supervisor
Amanda Bartunek	Providence Township	Clerk
Beth Mueller	Yellow Bank Township	Clerk
Tim Patzer	Garfield Township	Supervisor
Abby VanKempen	Hantho Township	Clerk
John Witte	Lakeshore Township	Supervisor
Thomas Nelson	Perry Township	Clerk
Dawn Bjorgan	Countryside Public Health	Emergency Preparedness Coordinator
Scott Lempka	LQPV Schools	Superintendent
Joe Skallerud	Madison Healthcare Services	Quality/Safety Manager
Deann Holland	Minnesota Department of Health	Emergency Preparedness Consultant SW and Tribal
Rhyan Schicker	Lac qui Parle SWCD	District Manager
Mark Marcy	MN DPS HSEM	Regional Program Coordinator
Deb Jurgenson	Johnson Memorial Health Services	Risk Manager/HIM Manager
Trudy Hastad	Lac qui Parle-Yellow Bank Watershed District	Administrator
Jake Redepenning	Johnson Memorial Health Services	CEO
Mark Pierskalla	MnDOT	Safety Administrator

Tami Flann	District 8 - MnDOT	Health and Safety Officer 1
Todd Bolkema	Minnesota Valley Cooperative Light and Power Association	Engineering and Operations Manager
Kevin Schuelke	Grant County, SD	Emergency Manager

Discussion Polls

The presentation included several polling questions to generate discussion and gather specific feedback from participants that would be used to support public outreach, identify local vulnerabilities, and determine the updated prioritization of hazards for inclusion in the plan. Following are the polling questions and participant responses.

Poll 1, Question 1

Are there any factors in your community that may have increased the community's vulnerability? (e.g. new development, increasing unhoused population, recent wildfire, loss of a major employer, recent drought, aging infrastructure).

Jake Redepenning	Aging infrastructure, older homes/condemned homes	Dawson
Dawn Bjorgan	low income; aging population	LqP County in general
JACOB SIEG	The incidence and severity of severe summer weather appears to be increasing, but I don't have scientific data to support that. We've had derechos, windstorms, and tornado outbreaks.	All of LqP County.
Tim Patzer	aging infrastructure	Garfield Township, LqP County
Trudy Hastad	aging infrastructure	
Randy Meyer	flooding, more frequent heavy rain events and a aging road system	Manfred Township
Joe Skallerud	Aging Infrastructure	N/A
Richard Maatz	Flooding due to upriver drainage.	Walter Township
J.T. Schacherer	Not that come to mind.	Dawson
Rhyan Schicker	aging infrastructure and homes in need of updates and repairs	
Greg Brown	Drought	
Kevin Schuelke	aging infrastructures, larger farms, increased drainage. Shared townships near Nassau, MN, Marietta MN. Locally flooding from western Grant County "hills"	Grant County, SD

Poll 1, Question 2

Are there places or parts of your community that you think are especially at risk from future natural disasters? This could include important buildings and services, roads or utilities, new development, community gathering places, or groups of people who may need extra support.

Jake Redepenning	near river in town, train in town that goes through the middle of town, larger employers (hospital, school, AGP, Puris)	Dawson
------------------	---	--------

Beth Mueller	roads from river flooding, river bank erosion compromising seasonal dwelling	Yellow Bank Township
Dawn Bjorgan	Non-English speaking - Spanish and Chuukese in this area	LqP County in general
JACOB SIEG	I wonder if there is increased risk from uninsured/uninsured residents who have not updated their coverage since housing values greatly increased after COVID. Costs of rebuilding very high.	All of LqP County.
Valerie Halvorson	electric distribution system high percentage of older/dilapidated homes that could not be able to withstand wind etc. as well as newer construction.	Madison
Tim Patzer	due to our location in western lac qui parle county we are located right off the coteau and extremely vulnerable to flooding	Garfield Township, LqP County
Trudy Hastad	natural flooding is an issue in our community/County	
Randy Meyer	aging roads that can't withstand the heavy down pour events	Manfred Township
Joe Skallerud	None that I can specifically think of.	N/A
Richard Maatz	The Townships loss has been due to flooding. Township residents have been hurt by high winds.	Walter Township
J.T. Schacherer	Always the financially struggling people would need additional assistance in case of disaster.	Dawson
Rhyan Schicker	elderly folks who live alone, our county experiences tornados so i think about getting hit by those again-county wide	
Kevin Schuelke	Shared townships near Nassau, MN and Marietta, MN prone to flooding from West runoff in Grant County.	Grant County, SD

Poll 2 – Prioritization of Hazards

Meeting participants were asked to rank their perceived priority of the following natural hazards as being High, Moderate, or Low/Not Applicable. Considerations are based on likelihood of occurrence (probability) and resulting impacts (severity) to structures, critical infrastructure, and life safety.

Chart of Poll 2 Results:

Lac qui Parle County 2026 HMP Update Prioritization of Hazards:

The Lac qui Parle County 2026 Hazard Mitigation Plan update will address the hazards deemed to be of **moderate to high** priority. The following prioritization of hazards is as follows, based on planning team feedback and review by the Lac qui Parle County Emergency Management Director:

HAZARD	Lac qui Parle County 2026
Windstorms	High
Tornadoes	High
Flooding	Moderate
Winter Storms	Moderate
Hail	Moderate
Extreme Cold	Moderate
Extreme Heat	Moderate
Drought	Moderate
Wildfire	Moderate
Lightning	Low
Landslides	Low
Land Subsidence	Low
Dam/Levee Failure	Low

Other Documented Discussion:

There were no comments or questions presented by participants during the meeting.

FEMA Hazard Mitigation Assistance Grant Programs:

To learn more about FEMA's Hazard Mitigation Assistance Grants, download a copy of the [HMA Program and Policy Guide](#), effective January 20, 2025.

County Hazard Mitigation Plan Update - Planning Meeting #1

From Blain Johnson <blain.johnson@lqpc.com>

Date Wed 2/25/2026 9:37 AM

LAC QUI PARLE COUNTY HAZARD MITIGATION PLAN UPDATE – MEETING INVITATION

Greetings,

Your presence is requested at a Planning Team Meeting for the update of the **Lac qui Parle County Hazard Mitigation Plan (HMP)**. You are requested to participate in this meeting because you have a position of administrative or departmental responsibility within the county, a municipal government, or are a key stakeholder related to the planning process. Emergency Managers from neighboring jurisdictions are also encouraged to attend.

We will be holding the meeting virtually using Zoom conferencing:

Date: Tuesday, March 10, 2026

Time: 1:00 – 2:30 p.m.

[Register here for the meeting](#)

The purpose of this meeting is to present on the Lac qui Parle County HMP update and gather feedback on several key discussion items that are required by the Federal Emergency Management Agency (FEMA). The plan addresses the natural hazards that pose risk to Lac qui Parle County and will result in the development of mitigation actions that will help to reduce the impact of future hazard events. We will also discuss the types of projects that may be eligible for FEMA Hazard Mitigation Assistance (HMA) grant program funding.

Your participation in this meeting is important and we value your feedback. Representatives from Lac qui Parle County, city and township governments, and other stakeholder agencies/organizations **must** have documented participation in the planning process in order to adopt the plan and be eligible to apply for future FEMA HMA grant funding.

When you register, you will be placed on an RSVP list and will be sent an email confirmation with a link to participate in the meeting. If you are not able to attend, please seek to send another representative if possible.

Thank you,

Blain Johnson

Lac qui Parle County – City of Madison

Emergency Management Director, Public Information

Lac qui Parle County Hazard Mitigation Plan Update 2026 Planning Team Meeting #1

March 10, 2026

Welcome & Introductions

U-Spatial@UMD Project Leads

Stacey Stark
Project Manager
U-Spatial, UMD

Jane Lindelof
Project Coordinator, Communications
Specialist
U-Spatial, UMD

Bonnie Hundrieser
HM Planning Specialist
Hundrieser Consulting LLC

Lac qui Parle County Project Lead

- Blain Johnson, Lac qui Parle County Emergency Management Director

Please type your name and representation in the CHAT – so others know who is here

PRESENTER: STACEY STARK

Meeting Participation

PLEASE REMAIN MUTED AND VIDEO OFF SO EVERYONE CAN HAVE THE BEST EXPERIENCE.

USE CHAT:

- Send a message to everyone
- Send a message to individuals or the presenters
- Send a message to host to ask for help or ask a question that isn't for the whole group.

ASK TO SPEAK:

PRESENTER: STACEY STARK

Meeting Purpose & Agenda

The purpose of this meeting is to formally convene the **Lac qui Parle County HMP Planning Team** for a presentation on the plan update and to discuss key items required for the plan update.

Agenda

- Overview of HMP Key Points
- Review of Past Plan Hazard Risk Priorities, Hazard Profiles, and Current Hazard Prioritization
- Overview of Mitigation Strategies
- Overview of FEMA HMA grant program
- Discuss local mitigation ideas
- Overview of Next Steps

PRESENTER: STACEY STARK

Overview of HMP Key Points

Bonnie Hundrieser

What is Hazard Mitigation?

Hazard Mitigation is any action taken to reduce or eliminate long term risk to people and property from natural disasters.

- HM increases resilience to withstand future disaster events.
- HM breaks the cycle of disaster damage and reconstruction
- HM efforts are cost effective (\$6 saved for every \$1 spent)

PRESENTER: BONNIE HUNDRIESER

Plan Requirement

The Hazard Mitigation Plan (HMP) is a requirement of the Federal Disaster Mitigation Act of 2000 (DMA 2000).

- A FEMA-approved, locally-adopted HMP is required to be eligible for FEMA HMA grant programs.
- HMPs must be updated every 5 years.
- Must address all jurisdictions and engage key stakeholders + the public

Lac qui Parle County HMP Update 2026

- Last plan was adopted in **2020**.
- The updated plan will cover a 5-year window for implementation and grant program eligibility (2027-2032)
- Participating jurisdictions **must** have documented engagement in the planning process and adopt the final plan.

PRESENTER: BONNIE HUNDRIESER

Plan Purpose

The purpose of the HMP is to:

- **Conduct risk assessment** (history, future probability, impacts of natural hazards)
- **Conduct vulnerability assessment** (at-risk critical infrastructure and populations)
- **Conduct capabilities assessment** (plans, programs, policies, partnerships, funding, etc in place or that are lacking)
- **Develop plan of action** (strategies and mitigation actions for implementation).

PRESENTER: BONNIE HUNDRIESER

Who the Plan Covers

This is a **multi-jurisdictional plan** that covers Lac qui Parle County, including all cities and townships within the county.

The plan also takes into consideration the needs and concerns of other stakeholders such as schools, watershed districts, and agencies or organizations involved in mitigation or services to vulnerable populations within the county.

PRESENTER: BONNIE HUNDRIESER

Who Participates

Key Stakeholders

Local government as well as related non-governmental agencies & organizations must participate.

- 2 planning team meetings
- Help with public outreach
- Provision of information (LMS forms, other data)
- Mitigation Action Charts
- Final plan review

The Public

The public must have an opportunity to learn about and provide input to the plan update.

- Use of news releases, social media, local bulletin boards, and public meetings or events.
- Must document local-level concerns and mitigation ideas
- Consider how to engage with underserved communities and vulnerable populations.

PRESENTER: BONNIE HUNDRIESER

First News Release

1. What are the natural hazards you feel pose the greatest risk to your community?
2. Are there specific populations or assets in your community that you feel are more vulnerable to future storm events?
3. What concerns do you have, and what sorts of actions do you feel would help to reduce damages of future hazard events in your community or the county as a whole?
4. Do you have any other comments or concerns regarding hazard mitigation in your community?

PRESENTER: BONNIE HUNDRIESER

Overview of Plan Content

Stacey Stark

Plan Content

Hazard Identification

- The HMP addresses the natural hazards that pose risk to the county and its jurisdictions.
- Manmade hazards are not required to be addressed (per the DMA 2000).
- Hazards that are deemed to be of low risk may be omitted from the plan.
- Hazard risk may differ in cities and the county overall.

Flooding	Hail	Drought
Dam/Levee Failure	Lightning	Extreme Heat
Wildfire	Winter Storms	Extreme Cold
Windstorms	Landslides	Earthquakes
Tornadoes	Sinkholes & Karst	Coastal Erosion

Natural hazard categories as per the State Hazard Mitigation Plan

PRESENTER: STACEY STARK

Plan Content

Risk Assessment

- History of events
- Probability of occurrence
- Severity
- Climate Change
- Identify if and how risk priorities have changed since the last plan. (Increased / Decreased)

PRESENTER: STACEY STARK

Plan Content

Vulnerability Analysis

- Inventory critical infrastructure locations.
- Identify specific, local-level impacts and vulnerabilities.
- Include local-level capabilities assessment that supports mitigation or identifies gaps
- Identify any factors (e.g. new development) that may have increased the community's vulnerability.
- Review social vulnerability factors.

POLL #1

PRESENTER: STACEY STARK

Timeframe for development & Plan Format

Timeframe:

The planning process generally occurs over the course of 14-18 months from start to finish.

The Lac qui Parle County Plan is expected to be completed in **2026**.

Format:

- PDF document (paper version)
- Interactive website companion
- Developed and hosted by U-Spatial at UMD

Each HMP website will be customized with the county's logo & social media

PRESENTER: STACEY STARK

Hazard Prioritization

REVIEW OF THE HAZARD RISK PRIORITIES FOR LAC QUI PARLE COUNTY

PRESENTER: STACEY STARK

Lac qui Parle County Past Prioritization of Hazards

This is at a county level

HAZARD	Lac qui Parle 2020
Flooding	Low/Mod
Winter Storms	Moderate
Windstorms	Moderate
Tornadoes	Mod/High
Hail	Moderate
Lightning	Moderate
Extreme Cold	Moderate
Extreme Heat	Moderate
Drought	Low/Mod.
Wildfire	Moderate
Landslides	not included
Dam Failure	Low
Land Subsidence	not included

PRESENTER: STACEY STARK

Lac qui Parle County 2026 Update of Hazard Prioritization

Considerations:

- Increase/Decrease of events
- Local vulnerabilities (impacts)
- New development/population growth

POLL #2

HAZARD	Lac qui Parle County 2026
Flooding	
Winter Storms	
Windstorms	
Tornadoes	
Hail	
Lightning	
Extreme Cold	
Extreme Heat	
Drought	
Wildfire	
Landslides	
Coastal Erosion	
Land Subsidence	
Dam/Levee Failure	

PRESENTER: STACEY STARK

Comments or Questions?

PRESENTER: STACEY STARK

Overview of Mitigation Actions & FEMA grants

DEVELOPMENT OF MITIGATION ACTIONS AND ACTIVITIES ELIGIBLE FOR FEMA HAZARD MITIGATION ASSISTANCE GRANT FUNDING

PRESENTER: BONNIE HUNDRIESER

Mitigation Action Charts

MACs reflect each jurisdiction's plan of action to reduce the impacts of future natural hazard events. They are based on the information gathered from each community during the planning process.

- **Must** address hazards of moderate to high priority.
- **Must** address identified local vulnerabilities.
- **Must** identify priority, status, timeframe, responsibility, how incorporation/implementation will occur, and possible funding.
- ★ Eligible FEMA HMA grant activities **must** be identified in the risk assessment and plan of action.

PRESENTER: BONNIE HUNDRIESER

City of Hilltop				Mitigation Action Chart			
#	Hazard	Mitigation Strategy	Mitigation Action	Status Priority Timeframe	Responsibility	Comments on Implementation & Integration	Possible Funding
7	Severe Summer Storms	Mitigation Preparedness & Response Support	Ensure that the city's outdoor warning siren is maintained and functioning.	Existing High 2025-2025	City EM	We test our outdoor warning siren monthly in coordination with the Anoka County Sheriff's Office. The siren is maintained on a regular basis. Fulfilling the city's tornado safe room project is our #1 priority. Extensive additional funding must be secured, which has been extremely difficult. The city has been working to advance our plans to build a new storm shelter in the basement of City Hall. The new three-story building will triple the storm shelter capacity of the existing City Hall building. The city actively shares information on our city website for tornado awareness and preparedness. The basement of City Hall is the designated shelter for mobile home park and city residents. The shelter is only open when a tornado warning has been issued and sirens have been activated. There are mobile home parks in the city of Hilltop. The city does outreach to the MHPP directly to communicate on evacuation and sheltering plans. 3 out of 4 MHPPs have their own newsletter - we will work to share information that can be included in these newsletters regarding tornado weather and safety.	Internal: City Gen. Operating Budget External: FEMA HMP safe room grant
8	Severe Summer Storms	Local Planning & Regulations / Structure & Infrastructure Projects	Continue to apply for external funding to construct the city's new Storm Shelter.	New High 2025-2025	City Admin / City EM		Internal: City CIP budget External: FEMA HMP safe room grant
9	Severe Summer Storms	Education & Awareness Programs	Encourage residents to be aware of severe weather and tornado weather, to understand warning siren alerts, and to be aware of the city's existing storm shelter.	Existing High 2025-2025	City Admin / City EM		Internal: City Gen. Operating Budget
10	Severe Summer Storms	Local Planning & Regulations / Structure & Infrastructure Projects	Work directly with the Mobile Home Park owners to share information with residents on severe weather safety.	Existing High 2025-2025	City Admin / City EM in coordination with MHPPs		Internal: City Gen. Operating Budget

PRESENTER: BONNIE HUNDRIESER

FEMA Mitigation Grant Funding

Examples of eligible grant activities:

FEMA's hazard mitigation assistance provides funding for eligible long-term solutions that reduce the impact of future disasters.

- All applicants **must** be covered by an approved HMP and have formally adopted the plan.
- Projects **must** be addressed in the risk assessment and be identified in the plan of action.

- Property Acquisition
- Tornado Safe Rooms
- Bury Overhead Powerlines
- Wildfire Mitigation
- Soil Stabilization
- Flood Risk Reduction
- Green Infrastructure
- Other projects may be eligible (e.g. tornado warning sirens, generators for critical facilities)

Overview of Mitigation Strategies

THE FOLLOWING STRATEGIES ARE RECOMMENDED GUIDANCE IN THE DEVELOPMENT OF LOCAL MITIGATION ACTIONS

Strategy #1 - Local Planning & Regulations

Examples:

- Enforcement of ordinances that reduce impacts of high rain events
- Development of stormwater plans and transportation improvement plans
- Coordination with watershed districts on local flood mitigation
- Enforcement of state or local regulations for new development.
- Establishing watering restrictions during periods of extreme drought

PRESENTER: BONNIE HUNDRIESER

Strategy #2 - Structure & Infrastructure Projects

Examples:

- Installation of new outdoor warning sirens
- Safe Room Construction
 - MHPs, schools, campgrounds, etc.
- Utility retrofit projects (e.g. burying power lines)
 - Municipal & Rural Electric Cooperatives
- Property buyouts for flooding
- Minor Localized Flood Risk Reduction Projects (e.g. stormwater management, upsizing culverts)

PRESENTER: BONNIE HUNDRIESER

Strategy #3 - Natural Systems Protection

Examples:

- Vegetation management along roads to reduce the risk of downed trees and branches resulting from heavy snow, ice, or high winds.
- Planting Living Snow Fences to reduce snow drifting
- Installing Rain Gardens to reduce impacts of high rain events
- Creation of defensible space for wildfire

PRESENTER: BONNIE HUNDRIESER

Strategy #4 - Education & Awareness Programs

Examples:

- Promoting sign-up for the county's emergency notification system.
- Participation in the NWS Severe Weather Awareness Weeks and Skywarn Storm Spotter Training
- Extreme Cold Preparedness
- Sharing information via websites & social media, community bulletin boards, local newspapers, public meetings, or other in-person events.

PRESENTER: BONNIE HUNDRIESER

Strategy #5 - Mitigation Preparedness & Response Support

Examples:

- Obtaining generators for backup power
- Update of county EOP
- Local Shelter planning
- Planning assistance to schools and LTC Facilities for vulnerable populations
- Testing of outdoor warning sirens.
- Participation in regional EM planning, training, and exercising

PRESENTER: BONNIE HUNDRIESER

Comments or Questions?

Do you have any ideas for specific mitigation activities for implementation?

PRESENTER: BONNIE HUNDRIESER

Following Meeting #1

Local Mitigation Survey (LMS) Form

Representatives from Lac qui Parle County and each city jurisdiction will participate in filling out an online "LMS" form. The form is used to collect local information that is required for the plan update. Additional stakeholders may also be requested to participate.

The LMS form is a critical part of the plan update.

PRESENTER: BONNIE HUNDRIESER

Questions?

What questions do you have for U-Spatial@UMD about development of the HMP or next steps?

Disclaimer & Terms

Ehlers Investment Partners ("Ehlers") is an SEC registered investment adviser. For additional information about our firm, please see our current disclosures (Form ADV) on our website at www.ehlersinc.com/disclosures.

Information contained in this performance summary is confidential and for informational purposes only and should not be construed as specific investment or legal advice. The information contained herein was obtained from sources believed to be reliable as of the date of this summary but may become outdated or superseded at any time without notice.

Custody: Your qualified custodian bank/brokerage maintains control of all assets reflected in this summary and we urge you to compare this summary to the one you receive from your qualified custodian. Ehlers does not have any authority to withdraw or deposit funds from/to the custodian account.

Valuation: Prices are provided by IDC, an independent pricing source. In the event IDC does not provide a price or if the price provided is not reflective of fair market value, Ehlers will obtain pricing from an alternative approved third-party pricing source in accordance with our written valuation policy and procedures. Our valuation procedures are also disclosed on our Form ADV Part 2A.

Performance: Performance results are presented gross-of-advisory fees and represent the client's Total Return. The deduction of advisory fees lowers performance results. These results include the reinvestment of dividends and other earnings. Past performance may not be indicative of future results. Therefore, clients should not assume that future performance of any specific investment or investment strategy will be profitable or equal to past performance levels. All investment strategies have the potential for profit or loss. Economic factors, market conditions or changes in investment strategies, contributions or withdrawals may materially alter the performance and results of your portfolio.

Source ice Data Indices, LLC ("ICE"), used with permission. ICE PERMITS USE OF THE ICE INDICES AND RELATED DATA ON AN "AS IS" BASIS; ICE, ITS AFFILIATES AND THEIR RESPECTIVE THIRD PARTY SUPPLIERS DISCLAIM ANY AND ALL WARRANTIES AND REPRESENTATIONS, EXPRESS AND/OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE, INCLUDING THE INDICES, INDEX DATA AND ANY DATA INCLUDED IN, RELATED TO, OR DERIVED THEREFROM. NEITHER ICE DATA, ITS AFFILIATES OR THEIR RESPECTIVE THIRD PARTY PROVIDERS GUARANTEE THE QUALITY, ADEQUACY, ACCURACY, TIMELINESS OR COMPLETENESS OF THE INDICES OR THE INDEX DATA OR ANY COMPONENT THEREOF, AND THE INDICES AND INDEX DATA AND ALL COMPONENTS THEREOF ARE PROVIDED ON AN "AS IS" BASIS AND LICENSEE'S USE IS AT LICENSEE'S OWN RISK. ICE DATA, ITS AFFILIATES AND THEIR RESPECTIVE THIRD PARTY DO NOT SPONSOR, ENDORSE, OR RECOMMEND EHLERS, OR ANY OF ITS PRODUCTS OR SERVICES.

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

Ratings: Ratings information have been provided by S&P, Moody's, and Fitch through data feeds we believe to be reliable as of the date of this statement, however we cannot guarantee its accuracy.

Security level ratings for U.S. Agency issued mortgage-backed securities ("MBS") reflect the issuer rating because the securities themselves are not rated. The issuing U.S. Agency guarantees the full and timely payment of both principal and interest and carries a AA+/Aaa/AAA by S&P, Moody's and Fitch respectively.

MRES Legislative Line

MRES Annual Meeting

The MRES Annual Meeting will be held May 6-7, 2026, in Sioux Falls. During this time, MRES awards the **Maurice A. TePaske Public Official Award** and the **Community Leader Award**. Nominations for these two awards are open.

The **Community Leader Award** is for active service to the candidate's local utility and the local promotion of public power. The **Maurice A. TePaske Public Official Award** goes even further, recognizing outstanding individuals who are also active in supporting MRES and promoting public power throughout the state and region by serving on outside boards or committees, in addition to their local governing board.

Please submit all nominations by **Friday, March 13**, to Alex Abplanalp via mail at PO Box 88920, Sioux Falls, South Dakota 57109, or e-mail at alex.abplanalp@mrenergy.com.

Iowa

Visit the [Iowa page](#) during the session to follow bills of interest to MRES Iowa members. The 2026 Iowa [Legislative Guide](#) is also available online.

Iowa Fast Facts:

- Floor debate is the focus in both chambers.
- The House passed three bills related to electric transmission lines.
- IAMU's public bid clarification bill is headed to the governor for her signature.

Session Update

The House had a full week of debate, including a criminal justice, "three strikes" law, and a pilot program to offer select four-year degrees at the community college level. The Senate had less debate but held lengthy hearings on competing property tax reform plans.

Eminent Domain

Another week with no movement on the eminent domain issue. Both the House and Senate made their opening moves on eminent domain early in the session. [HF 2104](#) is funnel-proof, and this will likely be one of the last issues resolved before legislators go home for the year.

Transmission Lines

Three transmission-related bills are continuing to advance:

- [SF 2214](#) would facilitate transmission line development along highway corridors by requiring greater coordination with the Iowa DOT and reducing placement restrictions. SF 2214 passed the Senate 46-1 and passed the House last week 90-0.
- [HF 2583](#) establishes emergency planning and coordination requirements for electric transmission line owners and utilities. This comes from the IUC, which is concerned about being able to contact potential new transmission owners under Iowa's competitive bid process. HF 2583 also passed the House last week, 90-0, and is awaiting consideration by the Senate.
- [HF 2227](#) sets a minimum standard for restoring land after a new transmission line is built. It

codifies best practices for land restoration and passed the House last week by a vote of 90-0.

Bid Requirement Clarification

IAMU is working on [HF 2558](#), which clarifies the exemption from competitive bid requirements for construction and equipment related to municipal electric generation projects. This was passed by the House 89-2, and last week the Senate also passed it, 45-0.

Utility Worker Protections

[SF 2400](#) adds utility employees and contractors to the list of occupations protected by enhanced penalties while performing their job duties. The Iowa Association of Electric Cooperatives (IAEC) brought forward this legislation in response to a growing number of negative interactions between utility workers and the public. This passed the Senate 44-0 last week and must now be considered by the House.

Load Forecasting Report

[SF 2301](#) and [HSB 755](#), the Iowa Economic Development Authority's (IEDA) departmental bill, would require a load-forecasting report every two years. Utilities could be compelled to provide information for the report, and the data provided could be used in proceedings before the Iowa Utilities Commission (IUC). The bill also requires utilities to fund this work. Utilities have noted that the proposal duplicates work already performed by utilities and regional transmission organizations (RTOs). Other divisions of the bill unrelated to utilities have also drawn opposition from other groups. HSB 755 advanced out of subcommittee last week.

Other bills that the Legislature may still consider in the coming weeks include:

Municipal Electric Utility Confidentiality

IAMU has also worked to introduce [SF 2443](#), which would expand the definition of "proprietary information" to include electric generation capacity planning, energy markets, prices, and information subject to nondisclosure agreements. This would help keep the early stages of the new generation project planning confidential until the process is further along.

Statewide Siting Preemption

[HF 2580](#) and [SF 376](#) are similar bills that would preempt local authorities from regulating the siting and operation of solar and wind generation facilities by establishing consistent statewide standards. Statewide siting standards have become a priority for many legislators.

Integrated Resource Plans (IRP) + Virtual Power Plants (VPP)

For several years, the legislature has been interested in requiring utilities to develop resource plans subject to IUC oversight. This year, the Iowa Economic Alliance (led by Google) introduced a new IRP proposal, [HF 2365](#). This bill was amended in committee to establish an IRP process and authorize virtual power plants, which allow third parties to aggregate and monetize demand response, energy storage, and customer distributed generation.

Legislators have expressed interest in moving forward with an IRP but remain uncertain about what the final product will look like (aside from avoiding the contested case process at the IUC).

Community Solar

Solar developers have again brought a bill to authorize the creation of developer-led community solar gardens in Iowa. [HF 2672](#) would set the framework for developers to build solar facilities and for subscribers to receive credits on their utility bills. There is still a lot of conversation surrounding this bill, but so far, it has not advanced out of the House to the Senate.

Minnesota

Visit the [Minnesota pages](#) to follow Minnesota bills of interest to MRES members. The MRES Minnesota [Legislative Guide for 2026](#) is available for download.

Minnesota Fast Facts:

- MMUA Legislative Conference: March 24-25
- HF 3912, to be heard March 10, could limit municipal fees for disconnect/late payment
- Policy Committee Deadline: March 27

Friday, March 27, at 5 p.m., marks the deadline for committees to act favorably on bills in the house of origin **and** for committees in the other house to act favorably on companion bills. With this deadline in mind, a suite of affordability bills was introduced last week. Backed by the Citizens Utility Board (CUB), this suite of bills primarily impacts IOU rate cases. However, as noted below under the House Energy Committee section, the bills could have implications for municipal utilities' operations.

Upcoming Legislative Breaks

Eid break begins on Thursday, March 19, at 8 a.m. and runs through March 20, with the legislature reconvening at 8 a.m. The Easter/Passover break for the legislators will begin at 5 p.m. on March 27 and will run through April 7. The legislature will reconvene on Tuesday, April 8.

House Energy Finance and Policy

The House Energy Finance and Policy Committee meets on Tuesdays and Thursdays at 1 p.m. in Capitol 123.

Last Tuesday, the committee took up one bill, [HF 3556](#), naming the community solar garden programs for the late Representative Melissa Hortman. Several witnesses noted Rep. Hortman's commitment to solar development. The bill passed on a voice vote and was sent directly to the House floor.

The committee also received a presentation from the Minnesota Pollution Control Agency (MPCA) on the state's Climate Action Framework and Greenhouse Gas Emissions Report. While it was noted that greenhouse gas emissions for electricity have decreased by 50% from 2005 to 2023, MPCA indicated that the state needs to keep pushing to meet the 100% mandate. Also, staff indicated that we need to add dispatchable clean (renewable) energy and storage.

On Thursday, House Energy took up two bills: HF 3296 and HF 3802.

[HF 3296](#) would exclude electric sales to data centers from energy conservation and optimization calculations. Some legislators expressed concerns that this would undermine energy efficiency goals.

The bill was laid over for possible inclusion in an omnibus bill.

[HF 3802](#) would exempt upgrades of lower-voltage lines (below 100 kV) to 115 kV from going through the certificate of need process at the Public Utilities Commission (PUC). This bill was sent to the House floor on a voice vote.

The Midwest Reliability Organization (MRO) reliability presentation focused on the MRO's regional risk assessment. They pointed out that the biggest risk was having enough energy to meet growing demand. While data centers are a major driver of demand growth, electrification is as well. The MRO also noted that the decreasing diversity in fuel sources complicates this. By shifting toward inverter-based resources (wind, solar) while increasing reliance on natural gas for energy dispatchability, this lack of fuel diversification has heightened our risk of meeting energy demand across the Midwest. Additionally, the MRO observed that needed generation additions, especially dispatchable power sources, are lagging, which is also concerning.

The committee next meets on March 10. Several bills on the agenda will affect IOU rate cases but could also have implications for municipal utilities. Bills to be heard include:

- [HF 3458](#): exempting tribal lands from the service territory laws. This arises from an ongoing dispute between one tribe and its electric cooperative provider.
- [HF 3777](#): This is part of a suite of affordability bills supported by CUB. The bill requires the PUC to promote affordable service and consider customers' ability to pay in rate cases. While it only applies to IOUs, it is worth watching, as it could delve into what utility costs are "reasonable". For example, this could open the door to re-litigate whether the cost of an already permitted (but not yet constructed) transmission line is "reasonable".
- [HF 3778](#): Another affordability bill. It requires IOUs and rate-regulated cooperatives to make annual, detailed revenue reports. Again, this does not apply to municipal utilities, but it is worth watching.

- [HF 3912](#): Another CUB affordability bill, **this one would impact municipal electric utilities**. It would bar a utility from charging a reconnection fee to a residential customer who was disconnected for failure to pay the utility bill. Additionally, it would only allow late fees if the customer's delinquent amount exceeds \$100, if the late fee does not exceed the utility's actual cost to carry the unpaid balance, and if the utility does not charge more than \$50 cumulatively in twelve months. Finally, no late fees may be imposed if the customer is a low-income customer (as defined in 216B.16), has participated in a low-income program, or has entered into a payment plan agreement. The PUC would enforce this.

This puts the legislature and the PUC directly between the municipal electric utility board (or city council) and the customers. Municipal utilities' customers own and operate their own utilities, and decisions regarding late payments and non-payments should be left to the local citizen boards to determine. As many municipal utilities have seen, other customers often bear the costs of nonpayment or late payment. MMUA is taking the lead on this issue at the legislature. If you have anecdotal stories or comments on how this bill would affect your municipality, please contact Deb Birgen (deb.birgen@mrenergy.com) or Kent Sulem (ksulem@mmua.org).

Bills for the House Energy Committee hearing on Thursday, March 12, have not been posted at this writing.

Senate Energy, Utilities, Environment & Climate

The Senate Energy, Utilities, Environment & Climate committee meets on Mondays and Wednesdays from 12:30 p.m. to 2:30 p.m. in room 1150 of the Minnesota Senate Building.

The Senate Energy Committee met on Monday, March 2, for the confirmation hearing for Commissioner Joe Sullivan. Commissioner Sullivan has been reappointed to another term on the MPUC and must be reconfirmed by the Senate, beginning with the Senate Energy Committee. The committee easily confirmed Sullivan. The committee also

received a presentation from the Minnesota Climate Innovation Finance Authority (green bank), summarizing the various funding and grants issued for green energy programs.

The committee did not meet on Wednesday.

On Monday, March 9, the committee will hear two bills: [SF 3800](#) (naming the Community Solar Garden program for Melissa Hortman) and [SF 3477](#) (reimbursement program for underground petroleum storage tank systems). No bills have been posted for the March 11 meeting at this writing.

Session Update

This list does not include all of the bills tracked by MRES (please see the [MRES Minnesota webpages](#)), but here are some of the key bills being tracked.

- [HF 3458](#) / [SF 3732](#): Exempting tribal lands from state laws governing electric service territory.
- [HF 2986](#) / [SF 3209](#): Requires investor-owned utilities (IOUs) to model virtual power plants (VPPs) in their resource plans and to implement a VPP tariff. The House version was heard in committee and was held over for possible inclusion in an omnibus bill.
- [HF 3555](#) / [SF 3873](#): These bills would allow for plug-in solar devices of 1200 watts or less to be used for on-site energy storage for customer use. The units would be exempted from interconnection requirements and net metering requirements. The House version was heard in committee and was held over for possible inclusion in an omnibus bill. MRES is urging lawmakers to require notice to the utility of the use/installation of these units, and to require that all units be equipped with controls to prevent backfeed into downed power lines.
- [HF 2928](#) / [SF 3968](#): Setting permitting and compliance requirements for data centers for water use, energy conservation, and electric energy use. The House version was heard in committee in 2025 and laid over. The Senate version has not been scheduled for a hearing.
- [HF 3556](#) / [SF 3800](#): Naming the community solar garden program after Melissa Hortman. The House version passed the House Energy Committee on a voice vote and was sent to the

floor. The Senate version will be taken up on March 9 and will likely pass.

- [HF 3733](#) / [SF 3792](#): This bill prohibits campground owners from charging additional fees over and above basic electric use. The House version is set for a hearing in the House Consumer Finance and Policy Committee on March 10. The Senate version has not yet been scheduled for a hearing.
- [HF 3777](#) / [SF 3992](#): Requiring the PUC to consider promoting affordable service and customers' ability to pay in setting IOU rates. This is set for a hearing on March 10 in the House Energy Committee. While it does not apply to municipal electric utilities, MRES staff is closely monitoring it.
- [HF 3778](#) / [SF 4002](#): This requires IOUs and rate-regulated cooperatives to provide annual detailed revenue reporting. It will be heard in the House Energy Committee on March 10 as noted above. MRES is monitoring this bill.
- [HF 3802](#) / [SF 3760](#): Exempting certain lines from the certificate of need process when upgrading or uprating. Great River Energy is supporting this bill. The House version has passed the House Energy Committee and is on the floor.
- [HF 3912](#) / [SF 3991](#): As noted above, **this bill would apply to municipal electric utilities** and would limit late fees and reconnection fees charged. It is set for a hearing in the House Energy Committee on March 10.
- [HF 3945](#) / [SF 4126](#): These bills would set up a strict liability standard for businesses that extract or refine oil or other fossil fuels. It would allow the state to seek cost-recovery payments from these businesses for damage caused by climate change. These bills have been assigned to the House State Government Finance and Policy and the Senate Environment, Climate, and Legacy committees. Although the bill authors have stated it would not apply to utilities, we will monitor it closely.
- [HF 4023](#) / [SF 1924](#): The "A+ Energy Act" would require reliability to be a priority under the carbon-free and renewable energy standards, and would also remove the moratorium on nuclear power.

Minnesota Municipal Utilities Association

The Minnesota Municipal Utilities Association (MMUA) will host its 2026 Legislative Conference. It will take place at the Drury Plaza Hotel in downtown St. Paul, running from 8:30 a.m. on March 24 to noon on March 25. Registration and hotel blocks are open, and information is available on the [MMUA website](#). If you plan to attend, please begin reaching out now to set up meetings with legislators. **There will be a reception for legislators at the Drury on March 24 from 4:30 p.m. to 7:30 p.m.** Please invite your lawmakers.

If you have already scheduled meetings, please let Deb Birgen (deb.birgen@mrenergy.com) know, and we can provide materials or talking points.

MRES will be sending out separate emails, but for members attending the MMUA Legislative Conference, please reserve the night of March 24 for MRES. After the reception, we will be hosting a dinner at Kincaid's Fish, Chop & Steakhouse for our members.

North Dakota

The next North Dakota regular legislative session convenes in January 2027. The 2025/26 legislative guide is available [online](#) on the MRES North Dakota pages.

Elections

The election process has kicked off with state party conventions. The state Democratic-NPL Party held its 2026 state convention over the weekend at Bismarck State College. The state Republican Party will hold its 2026 state convention on March 28-29 at the State Fairgrounds in Minot. The outcome of the Democratic-NPL convention will be reported in the March 16 newsletter.

South Dakota

Visit the [South Dakota](#) pages to track bills of interest to MRES members. The 2026 MRES [South Dakota Legislative Guide](#) is also available online.

South Dakota Fast Facts:

- SB 135 "Electric Consumer Bill of Rights" passed the House and will need Senate concurrence.
- HB 1038 received a favorable amendment in Senate Commerce and will be voted upon in the Senate this week.

Session Overview

This week, there was a collective sigh of relief throughout the lobby when the Senate failed (14-19) to pass [House Joint Resolution 5001](#), which would have referred a constitutional amendment to voters to alter the use of eminent domain. The language was amended, and it did not specifically grandfather in traditional utilities long considered to serve the public good. More troubling was that the sponsor resisted the request to add clear, specific language to address the concern. Upon reconsideration, the Senate approved [HB 1048](#), authorizing spending authority of \$87 million in federal funds to deliver broadband to the remaining unserved/underserved areas of the state. The House defeated [Senate Joint Resolution 508](#) that would have put a constitutional amendment to a vote to remove the lieutenant governor as the presiding officer of the Senate. As predicted in the opening week, data center policy will be a gavel-to-gavel debate; we remain engaged as HB 1038 and SB 135 remain in play. Additionally, a package of bills addressing property tax relief will highlight the final week before the March 12 recess.

Wildfire Mitigation

[SB 36](#) authorizes wildfire mitigation plans and limits utility liability. The Senate passed the bill on a 29-4 vote. We support this legislation. The bill was amended in the House Commerce Committee and was passed on the House floor 63-2. The Senate concurred in the House version. The Governor will now consider lending his signature.

Data Centers / Consumer Protection

- [SB 135](#), dubbed the "electric consumers bill of rights," seeks to protect residents from increased utility costs and utility shortages caused by data centers. We had concerns about the original language; the sponsor amended the bill, and, if

not perfect, the revised legislation was an improvement. It provides a separate rate class for data centers using 10 MW or more, requiring that all costs for electric service be fairly attributed to the data center. It also prescribes some steps data centers must take regarding water usage. The legislation, sponsored by President Pro Tempore Sen. Karr (R-Sioux Falls) and Speaker Rep. Jon Hansen (R-Dell Rapids), passed the House committee without opposition and was placed on the consent calendar. However, it was pulled from the consent calendar on the House floor, but ultimately it passed 60-7. It will now return to the Senate for concurrence with the House amendments or for the appointment of a conference committee.

- [HB 1038](#), proposed by the PUC, requires 10 MW+ data centers to pay for the rate analysis to ensure they cover the costs incurred to serve them, protecting other electric consumers from adverse rate adjustments. Senate Commerce and Energy approved the bill (7-2) after adding an amendment at the request of municipal utilities and co-ops clarifying that this statute would apply only to investor-owned utilities.

PUC / Public Safety

- [SB 25](#) reduces the notice-of-intent period to three months and modifies the local review committee process for PUC permits. After handily passing the House Commerce Committee, the bill passed the House 61-5 and was signed by the Governor.
- [HB 1049](#) was introduced at the PUC's request to prohibit foreign ownership of utility infrastructure. While federal statute addresses this infrastructure protection, it is acceptable to include it in state statute as well. The bill passed the House 68-0. The Senate followed suit and passed unanimously. It now proceeds to Governor Rhoden.

Cybersecurity

[SB 75](#) makes clear that municipal utilities, cooperatives, and other nonprofit utilities, such as water districts, are eligible for cybersecurity services and grants. This is good legislation that sailed through legislative consideration, and the Governor has affixed his signature.

Survey Access

[SB 88](#) would limit the examination of property subject to condemnation. This bill does not apply to the state or its subdivisions. The Senate and the House both passed the legislation unanimously. It is now under review by the Governor's office.

PUBLIC NOTICE: Pursuant to Minnesota Statute 193.36, the Adjutant General of Minnesota is offering the Armory located at 504 Third Street, Madison, Lac qui Parle County, Minnesota for sale to the public “as is” through sealed bids to be opened at 2:00 pm on **May 29, 2026**, at Camp Ripley, Minnesota. The appraised value for the property is \$430,000.00. The property is zoned as B-2 Downtown Business District.

Interested parties may schedule an inspection of the property by contacting Major Patrick Foley at 320-616-3172.

Sealed responses for purchase of the Armory will be received by the Department of Military Affairs, Facilities Management Office, Camp Ripley, Building 2-1, 15000 Highway 115, Little Falls, MN 56345-4173.

DELIVERY OF RESPONSES

A. Responses must use the Sealed Bid Submission Form found at <https://mn.gov/mdma/rps/>. Each response and all papers bound and attached to it, together with solicitation security consisting of a money order in an amount not less than \$100.00 (refundable in the event that the bid is not accepted) shall be placed in an envelope and securely sealed therein. The envelope should be marked to indicate the following:

1. The name and address of the Responder
2. Marked “Madison Armory Purchase”
3. The solicitation opening date and time

B. The envelope shall be addressed to the Department of Military Affairs, Facilities Management Office, Camp Ripley, Building 2-1, 15000 Highway 115, Little Falls, MN 56345-4173, herein after referred to as the Contracting Agency, and responses must be received by the Contracting Agency and time stamped before the time set for the opening of the responses. In accordance with Minn. Stat. § 13.591, subd. 3. LATE RESPONSES WILL NOT BE CONSIDERED.

C. Responses arriving by mail or otherwise after the time designated for the opening of the responses will not be considered and will be returned unopened. Responses faxed to the Contracting Agency, oral responses, E-mail responses, and telephone responses will not be accepted.

D. No oral, e-mail, or facsimile modifications will be accepted.

RESPONSE OPENING

Responses will be publicly opened and read aloud. Responders and other interested persons may be present.

This solicitation does not obligate the State to sell or complete the sale of the property, and the State reserves the right to cancel the solicitation if it is considered to be in its best interest. All costs incurred in responding to this solicitation will be borne by the responder.

Real People. Real Solutions.

Madison, MN 56256

RE: Change Order 2
2023 Sanitary Sewer Rehabilitation
City of Madison, Minnesota
Project No.: 0W1.125959

Dear Val:

We have received confirmation from PFA that they are able to provide funding for the proposed Change Order 2 on the Sanitary Sewer Rehabilitation project. A copy of Change Order 2 is enclosed. Work included in this change order generally includes:

1. Additional quantities to televise laterals, line laterals, and install cleanouts.
2. Increases to the unit price amounts for several bid items, due to material and inflationary cost increases since the project was bid in June 2023.
3. New bid items to excavate and repair sewer laterals that cannot be lined in their current condition, then patching the highways.
4. New bid items to perform a mill and overlay on TH 75 between 4th Street and 6th Street. This work would occur the year following the sewer excavation work. This was required by MnDOT.
5. Extending the contract completion dates.

The value of this change order is \$1,195,864.10. The cost is driven by several factors. This work was originally bid in 2023. Due to permitting, funding, and agency approvals, this work will occur several years after the original bid. During that time, labor, equipment, material, and mobilization costs have increased. Additionally, the work will require three separate detours. There are multiple isolated excavations within TH 40 and TH 75 within each detour area, and only one detour at a time is possible. All excavation and surface restoration must be completed within each detour area before work can proceed elsewhere, which significantly reduces efficiency and requires multiple mobilizations.

Additional PFA funding amounts are anticipated to be \$288,000 loan and \$1,152,000 grant for a total of \$1,440,000. This includes the change order amount, additional engineering and construction administration services, and a construction contingency.

Pending council approval of the change order, and subsequent submittal to PFA, PFA can begin the process of providing additional funding to the city. PFA will issue a new contract for which the city will need to work with their bond counsel on the authorizing resolution and loan closing. Once that occurs, the funds will become available to the city.

Name: Val Halvorson, City Manager

Date: March 19, 2026

Page: 2

This has been a long process that involved coordination with the contractor, coordination and approval from MnDOT, approval from MPCA, and finally coordination with PFA. We recommend approval of Change Order 2.

If you have any questions, please contact me at Kent.Louwagie@bolton-menk.com or 320-905-5446.

Sincerely,

Bolton & Menk, Inc.

Kent Louwagie, P.E.

City Engineer

Val Halvorson
City of Madison
404 6th Avenue
Madison, MN 56256

Dear Ms. Halvorson:

Thank you for inviting MacDonald & Mack Architects to submit this proposal for Contracting and Construction Administration architectural services for the rehabilitation of the Firehouse personnel door and construction of new storm windows. We have enjoyed working with you at the Madison City Hall and Opera House and would welcome the opportunity to assist with your continued stewardship of this wonderful building.

Task 1: Contracting Assistance

During this task, we will assist in communication with the previously chosen contractor for this project. We will confirm project cost and assist in the contracting process between Owner-Contractor. We will utilize the online AIA Contract portal for procuring signatures.

Fee Range: \$3,100

Task 2: Construction Administration

As part of Construction Administration our team will visit the site to monitor progress and review work to make sure it conforms to the Construction Documents. We will facilitate a virtual pre-construction conference with the client and the contractor. We will also facilitate up to two construction progress site visits throughout the project to review and document the construction contractor's work to ensure that it meets the requirements and intent of the Construction Documents and special provisions.

We will review the contractor's submittals, including Shop Drawings, Product Data, Samples, and Mock-ups in a timely manner. We will also process Requests for Information from the contractor, and review and advise the City regarding Change Proposals and Payment Applications. In addition, we will work with the City to complete any milestones as required by MNHS as part of the grant agreement.

At the end of this task, we will conduct a preliminary "punch list" walk through inspection, followed by one final walk-through to determine completion of the construction to the standards of the Construction Documents. Our assumption is that we may be making up to 4 site visits as part of this phase, but this may vary due to the proposed construction schedule and if items can be viewed in conjunction.

Fee: \$7,710

Project Fees

MacDonald and Mack Architects propose to provide the above listed services for a not-to-exceed fee in the amount of: Eleven Thousand One Hundred Ten and 00/100 Dollars [\$11,110.00]. This includes all expenses (such as travel). We would be open to discuss the fee structure and reduction of scope if required.

Please feel free to contact me, as the project principal-in-charge, if you have any questions. I can be reached via e-mail at toddg@mm-architects.com or by calling 612-767-2743.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read 'Todd Grover', followed by a horizontal line.

Todd Grover, AIA
MacDonald & Mack Architects, Ltd.
